

TRANSPORT SERIES

1:50 Scale Trucks from Diecast Masters

Diecast Masters proudly announces our new **Transport Series** on-highway trucks and trailers. The inaugural product lineup features highly detailed 1:50 scale International® HX™ Series trucks and lowboys from XL Specialized Trailers – a rugged combination equal to the rigors of severe-duty construction environments.

Transport Series items come in specially designed, slide-style cardboard boxes with full-color outer sleeves – a level of premium packaging that collectors have come to value in all Diecast Masters products.

Key Features

- Heavy diecast metal construction of both trucks and trailers
- Truck and trailer configurations reflect vocational application for severe-duty construction environments
- Authentic logo treatments and other brand marks
- Truck colors drawn from actual International® paint chips
- Removable "Oversize Load" signs included for both trucks and trailers
- Light bar and headache rack on all tractors
- Tilting bed on dump truck and rotating drum on concrete mixer
- Truck hoods open to reveal engine detail
- Trailer deck replicates authentic camber
- Flip neck attachment on trailer gooseneck creates greater swing clearance
- Single-axle and two-axle boosters included for optional attachment to rear of trailer
- Accurate tire tread and rim detail on both trucks and trailers
- Premium slide-box-style packaging printed with full-color graphics and specifications of real trucks and trailers

All trucks feature opening hoods and detailed engines.

Oversize Load signs can be removed from tractors and trailers.

All trailers come with snap-on single-axle and double-axle rear boosters.
